

## Nature Art

### For this activity you will need:

- Washable kids paint
- Tray to display nature
- Paper plate or something to hold your paint
- White cardstock

### Step 1

Head outside for a little adventure in your own backyard! Gather as many interesting pieces of nature that you can find. These will be your "paint brushes!"

#### Keep an eye out for:

- Sticks and twigs
- Pine cones
- Leaves
- Grasses
- Pine needles
- Feathers
- Moss
- Leaf sprigs
- Flowers
- Anything else you find!

### Step 2

Lay out all of your nature "paint brushes" on the tray to see what you've got.

### Step 3

Add a little bit of each paint color to the paper plate and you're ready to get painting! Have fun and be creative!

### Learning Tip!

*This is a great activity for learning about colors, identifying where nature comes from, self-expression, hand-eye coordination and more!*
